Some stuff about me

➤ I am deeply interested in developing spatial analysis methods based on spatial relationships (such as spatial dependence, spatial heterogeneity, geographical similarity).

➤ I am proficient in R language data analysis, statistical modeling, and R package development.

➤ I am familiar with implementing computationally complex statistical algorithms using C++, and I can flexibly call upon torch.

Education

2021-2025	Geographic Information Science	Shaanxi Normal University
	Xi'an, Shaanxi
