Curriculum Vitae
November 2026

Education and qualifications

B.Sc. in GIScience Shaanxi Normal University 2025

Research Experience

2026.6- Research Assistant, The Hong Kong Polytechnic University
2025.9-2026.6 Research Assistant, Eastern Institute of Technology, Ningbo
2024.8-2025.8 Research Intern, The Hong Kong University of Science and Technology (Guangzhou)

Research interests

- **Goal:** Understanding complex systems via observational data (temporal/spatial/spatiotemporal data).
- **Methods:** *Information theory*, *dynamic systems*, *persisent homology*, *information geometry*, *optimal transport*, and *generative models* for *spatial causal inference*.
- **Tech Stack:** *R, C++, Python* (spatial analysis & open-source geospatial software).

Unpublished working papers

Unveiling interactions between spatial processes with information decomposition
Enhancing spatial stratified heterogeneity measurement for multivariate continuous data via distance ranks
Pattern Causality for Unveiling Interactions with the R Package pc
coupling: Coupling Coordination Analysis in R
Spatial causal discovery under latent confounders via deep orthogonal representation learning

Selected awards and honours

2024 Longi Non-Education Major Scholarship
2024 First Prize in the 13th National University Student GIS Application Skills Competition
2023 Grand Prize in the 12th National University Student GIS Application Skills Competition
2023 First Prize in the Second National University Student Ecological Environment Management Research Innovation Competition
2023 Second Prize of the 5th 'Guodi Cup' National College Student Natural Resource Science and Technology Competition
2021 Outstanding Individual in Military Training Publicity for College Students, Shaanxi Normal University
